

TEHNIK-AIR50/XS258

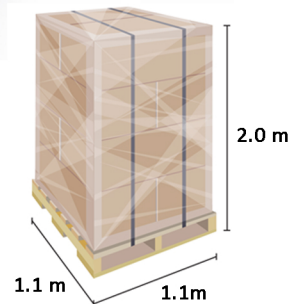

SILENT MEDICAL AIR COMPRESSOR 50L

- Quiet operation – ideal for medical and laboratory environments
- Oil-free technology – delivers clean, contamination-free air
- Compact, professional-grade design

TECHNICAL SPECIFICATIONS

Code	TEHNIK-AIR50/XS258
Tank	50 L
Power	2.0HP / 1.50kW
Max. Pressure	9 bar
Lubricated	NO
RPM	1420 rpm
Voltage/Frequency	230 V ~ 50Hz
Dental Chairs	2
Intake air displacement	230 l/min
Output air displacement	160 l/min
Sound pressure (LwA)	82 dB(A)
Sound level (LpA)	62 dB(A)
Net weight	38 kg
Carton box dimensions	500x500x920mm

1 Pallet = 8 pcs = 320 kg

MAIN CHARACTERISTICS

- 50L - Electrostatic painted tank inside for a clean air (Italy)
- High quality Condor MDR2 Pressure Switch (Germany)
- Pump made by FIAC Italy
- Rubber feet for noise reduction
- Copper tube for better heat dissipation
- 1/4" Filter-Regulator Unit, 5 Micron (Italy)
